

GREAT NEWS!! Catch your Pot of Gold. We are continuing to offer the following course for FREE. It is eNet's mission to provide our teachers and students a positive, safe, and engaging environment for teaching and learning. Share this information with your fellow peers.

Because of the many requests of many educators across the state, eNetLearning has created a course that provides you with strategies, tools, and helpful hints for teaching and learning in an online environment.

 **"Transitioning to Remote Learning"** 

This course will be provided *free of charge to all educators and administrators.*

Don't wait. Sign up now. We're here for you.

MARCH Courses will help support all administrators and educators as you begin the new year with many challenges and new ways of guiding our students.

Online, Blended, and Curriculum Support for Schools, Teachers and Parents during COVID-19 and afterward

We know that the COVID-19 pandemic has caused ever-lasting changes to the way we teach. With that change, CDLS (Colorado Digital Solutions) and eNetLearning will continue to support all students enrolled in CDLS and eNetLearning online classes.

Both eNetLearning and CDLS will also be available to work with our partner districts and their staff to help them work with their students remotely and to develop an online platform if needed.

[Click here for full information.](#)

eNetLearning and CDLS believe it is important to support our partner districts. We know this unique situation will impact districts differently based on their size and access to local options so we want to share our expertise and experience anyway that may be helpful, particularly in supporting small rural districts across the state.
